Winter brings Colds to Children

A child rarely goes through the
whole winter without a cold, and every
mother should have a reliable remedy
handy. Fever, sore throat, tight chest
and croupy coughs are sure symptoms.
A dose of Dr. Bell's Pine Tar Honey
will loosen the phlegm, relieve the con-
gested lungs and stop the cough. Its
antiseptic pine balsams heal and soothe.
For croup, whooping cough and chronic
bronchial troubles try Dr. Bell's Pine
Tar Honey. At H. F. Pitts', 25c.

Quality

Service

HORSES will cost twice as much to feed this year
than ordinarily. A very tractors are cheaper and
are vastly cheaper any way you can figure to work.
A 2-plow tractor for \$365 does the work of four good
horses. \$700 this year buys the 8-15 three-plow kero-
sene-burning Avery. This is the right size for the
larger farms. It takes the place of 8 horses and two
men and burns kerosene and is backed by better serv-
ice and quicker repairs and the largest builders of
tractors in the world. There is an Avery for any work
you have, large or small.
